**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

When we moved into the neighborhood we now reside in, we basically had two options for providers, and having had bad experiences with both, I was happy to learn that SonicNet was able to deliver DSL to our location. This worked for us for a while, but both my wife and I need a reliable connection, as we both work from home at times. My wife has a home office and needs a stable connection, so we were very happy that SonicNet was able to deliver fiber to our home and waited patiently for that. It is critical to my wife's small business. SonicNet has been a lifesaver for us and we could not imagine being stuck with one of the other two providers. There needs to be more competition in, not less.

Please take this into consideration.
